MEMORANDUM FOR: Deputy Director for Intelligence

FROM: Executive Secretary

SUBJECT: Map of Soviet and Surrogate
Foreign Military Involvement

1. Subject map (copy attached) was developed for the DCI's use in his worldwide briefings to Congress. He found it very useful and, apparently, it was very successful. In fact, there have been several Congressional requests for copies. Additionally, we have been asked if this map could be produced in an unclassified form.

2. I discussed these requests with the Director, and he would hope we could produce this map in an unclassified form. Can we?

3. Please have someone get back to me on this. I will be glad to take it from there.
